

Hi my name is Mark

I came last Monday with a young person from where I work and all I can say what a fantastic place you have got from the hotel itself to the grounds and the local area has got breath-taking views also the rooms are fantastic and the food is second to none cooked fresh and with options that you can change the menu to suit you and your service user nothing is too much trouble for your staff from the management down everybody we seen was only too happy to help with advice and with a warm positive attitude my service user loves steam trains we asked for some advice and your staff got us pre boked tickets for the day which made my students day he loved it so much and it was so nice to hear him laughing so much even when we checked out the manager walked us to our car with a umbrella which we thought was a fantastic end to a fantastic stay so once again thank you from myself and my student for a fantastic holiday and I hope it goes from strength to strength for you all

Kind regards

Mark Orme
